

Prioritized Significant Health Needs for Bayfront Health St. Petersburg

Based on the prioritization exercise Bayfront Health St. Petersburg chose to focus on Access to Care as the overarching priority. The hospital felt this priority allows them to adapt and respond in real time to emergent health issues and concerns as they arise over the next three years. Bayfront Health St. Petersburg will develop strategies specific to the relevant access issues currently facing the communities served and adjust as needed to respond to immediate access concerns. The three significant health needs for Bayfront Health St. Petersburg and Pinellas County are summarized in the following section.

2022 Prioritized Significant Health Needs

Each prioritized health topic includes key themes from community input and secondary data warning indicators. The warning indicators shown for certain health topics are above the 1.50 threshold for Pinellas County and indicate areas of concern. See the legend below for how to interpret the distribution gauges and trend icons used within the data scoring results tables.

	Indicates the county fell in the bottom 10% of all counties in the distribution. The county fares worse than 90% of all counties in the distribution.
