

ENGAGEMENT PATHWAYS

Lead

Together with our community, we offer and develop leadership that prioritizes and co-owns the responsibility to achieve racially equitable health outcomes.

Partner

Together with our community, we identify strategic relationships that leverage resources, prioritize the advancement of equity, and create the conditions for systemic change in health outcomes.

Fund

Together with our community, we invest in opportunities to positively influence practices, programs, and policies that, when collectively combined, accelerate our mission and the ability to achieve racially equitable health outcomes.

Advocate

Together with our community, we identify and build long-term strategic policy solutions that support systemic equity that enables all people in our communities to thrive.
